IN THE CLAIMS

Applicant hereby elects Species II consisting of a clamping tool. According to the Examiner's Election of Species Requirement, claim 1 is generic. According to the Examiner, claims 11-19 are readable on the elected species and are elected for initial examination in this application.

It is respectfully submitted that claims 1-8 and 10-18 are generic to the present invention. Only claim 9 limits the engaging section to an L-shaped member. Only claim 19 limits the engaging section to a serrated member. Thus, the Examiner should act on claim 1-8 and 10-19 at this time.

This election is with traverse.
